1. INTRODUCTION

The Promotion of Access to Information Act, 2000 (the “PAIA Act”) gives effect to the provisions of Section 32 of the Constitution of the Republic of South Africa, 1996 (the “Constitution”), which provides for the right of access to information. The PAIA Act gives third parties the right to approach public and private bodies and the government to request information held by them, which is required in the exercise and/or protection of any rights. On request, the public or private body or government is obliged to release such information unless the PAIA Act expressly states that the records containing such information may or must not be released.

The Protection to Personal Information Act, 4 of 2014 (the “POPI Act”) gives effect to the provisions of Section 14 of the Constitution provides that everyone has the right to privacy. The right to privacy includes a right to protection against the unlawful collection, retention, dissemination and use of Personal Information. A responsible party who processes Personal Information must notify the person to whom Personal Information relates (“Data Subject”) of the manner in which the Data Subject can access their Personal Information held by the Responsible Party.

2. PURPOSE

The purpose of this Manual informs requestors of procedural and other requirements which a request must meet as prescribed by PAIA. The POPI Act gives Data Subjects the right to request a Responsible Party to correct or delete Personal Information about the Data Subject in its possession or under its control that is inaccurate, irrelevant, excessive, out of date, incomplete, misleading or obtained unlawfully; or destroy or delete a record of Personal Information about the Data Subject that the Responsible Party is no longer authorised to retain access and/or request the correction or deletion of any Personal Information held about them that may be inaccurate, misleading or outdated.

National Asphalt (Pty) Ltd (“the Company”) believes that this Manual will assist requestors in exercising their rights. The Acts seek, inter alia, to give effect to the constitutional right of access to any information held by the state or by any other person where such information is required for the exercise or protection of any right, as well as the right to privacy and protection of Personal Information.

This PAIA Manual was compiled in terms of Section 51 of PAIA Act and sections 23 to 25 of the POPI Act to facilitate access to records held by the Company. It contains information required by a person wishing to exercise any right, contemplated by the PAIA Act. It is available in English.
